Professional Summary

I am an efficient Game Programmer seeking a position in which my methodical but adaptable programming skills can be utilised, further reinforced and improved in an outstanding workplace.

CORE QUALIFICATIONS

- Experience in all aspects of game programming from engines to systems to game mechanics.
- Adept understanding and use of C++ and C# in Unity for game development.
- Work ethic and determination needed to focus and accomplish the task at hand.
- Ability to work as part of a team to meet a common goal.
- Great capacity for learning and implementing new types of programming.
- Prominent analytical and problem solving skills.

EXPERIENCE

Richmond Office Furniture

Richmond VIC — *Assistant Storeman*

June 2017 - Present

Assisting with full office fitouts which includes fitting, assembly and transportation/delivery of office equipment in and around Melbourne CBD and metro areas.

Pizza Industry Mont Albert

Mont Albert VIC — *Shop Assistant*

June 2018 - Present

Taking phone orders, customer service with front counter sales, and assisting with catering duties.

Newnham Karl Weir & Partners

Coffs Harbour NSW — *Surveyors Assistant*

September 2016 - December 2016

Assisted members of the survey team out in the field as well as consolidating data gathered in the field to create survey plans.

EDUCATION

Academy of Interactive Entertainment, Melbourne VIC — *Adv. Diploma*

December 2016 - December 2018

Studying for an Advanced Diploma of Game Development Specializing in Game Programming. Through this course I have become skilled at the core of programming through building data structures, to building a game engine in OpenGL from scratch in C++. I have learnt how to work in a team environment to achieve a common goal by collaborating to make a game in Unity with 9 students (2 other programmers, 2 designers, 4 artists).

Coffs Harbour Senior College,

Coffs Harbour NSW — *High School Certificate*

February 2013 - November 2015

Completed HSC & ATAR with acceptance to Newcastle University Computer Science Engineering degree.
